There may have been changes in matters which affect the Company subsequent to the date of these presentations. Neither the issue nor delivery of these presentations shall under any circumstance create any implication that the information contained herein is correct as of any time subsequent to the date hereof or that the affairs of the Company have not since changed, and the Company does not intend, and does not assume any obligation, to update or correct any information included in these presentations.

These presentations include and are based on, among other things, forward-looking information and statements. Such forward-looking information and statements are based on the current expectations, estimates and projections of the Company or assumptions based on information available to the Company. Such forward-looking information and statements reflect current views with respect to future events and are subject to risks, uncertainties and assumptions. The Company cannot give any assurance as to the correctness or such information and statements.

An investment in the Company involves risk, and several factors could cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements that may be expressed or implied by statements and information in these presentations, including, among others, risks or uncertainties associated with the Company’s business, segments, development, growth management, financing, market acceptance and relations with customers, and, more generally, general economic and business conditions, changes in domestic and foreign laws and regulations, taxes, changes in competition and pricing environments, fluctuations in currency exchange rates and interest rates and other factors. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in these documents.

# The value path

1

Find oil and gas  
on the NCS

- Find good prospects
- Obtain awards in areas with good prospects
- Have drilling capacity and know-how to drill exploration wells

2

20,000 profitable bpd  
in production

- Several discoveries could be matured into production within three to five years
- Low capex developments are prioritised

3

Reinvest cash-flow  
from production

- Gross revenue from 20,000 bpd to give considerable investment capacity
- Net production from 50,000 to 100,000 bpd is within reach by 2020

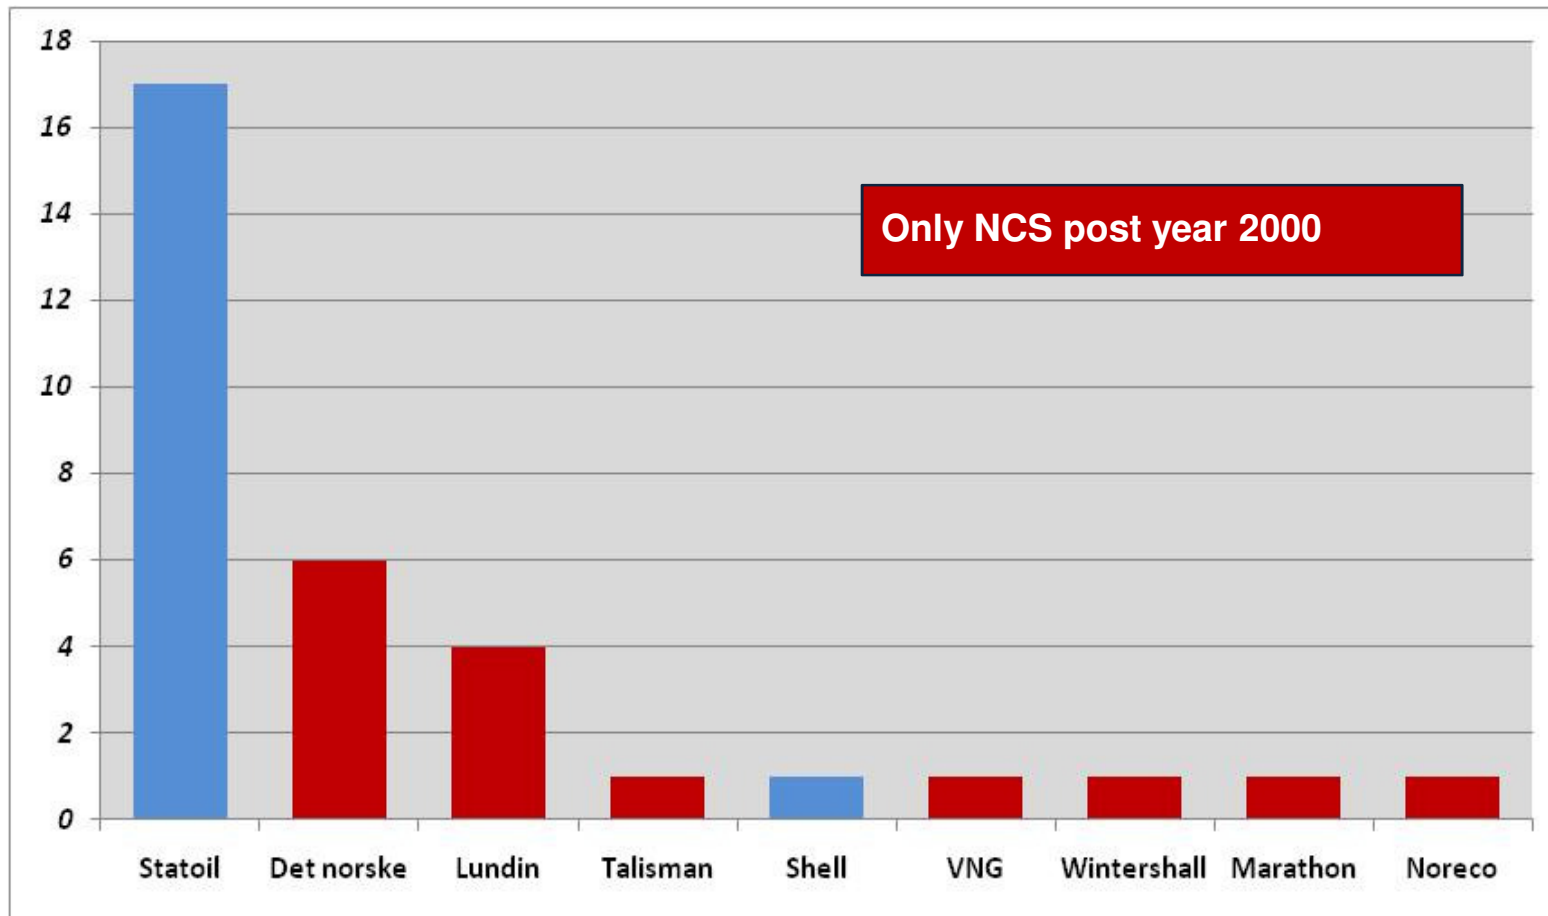

Det norske is today an important exploration company on the NCS. Our discoveries will make us an important development company, and the developments will make us an important production company

# Exploration drilling on the NCS

Det norske is established as the second largest exploration company

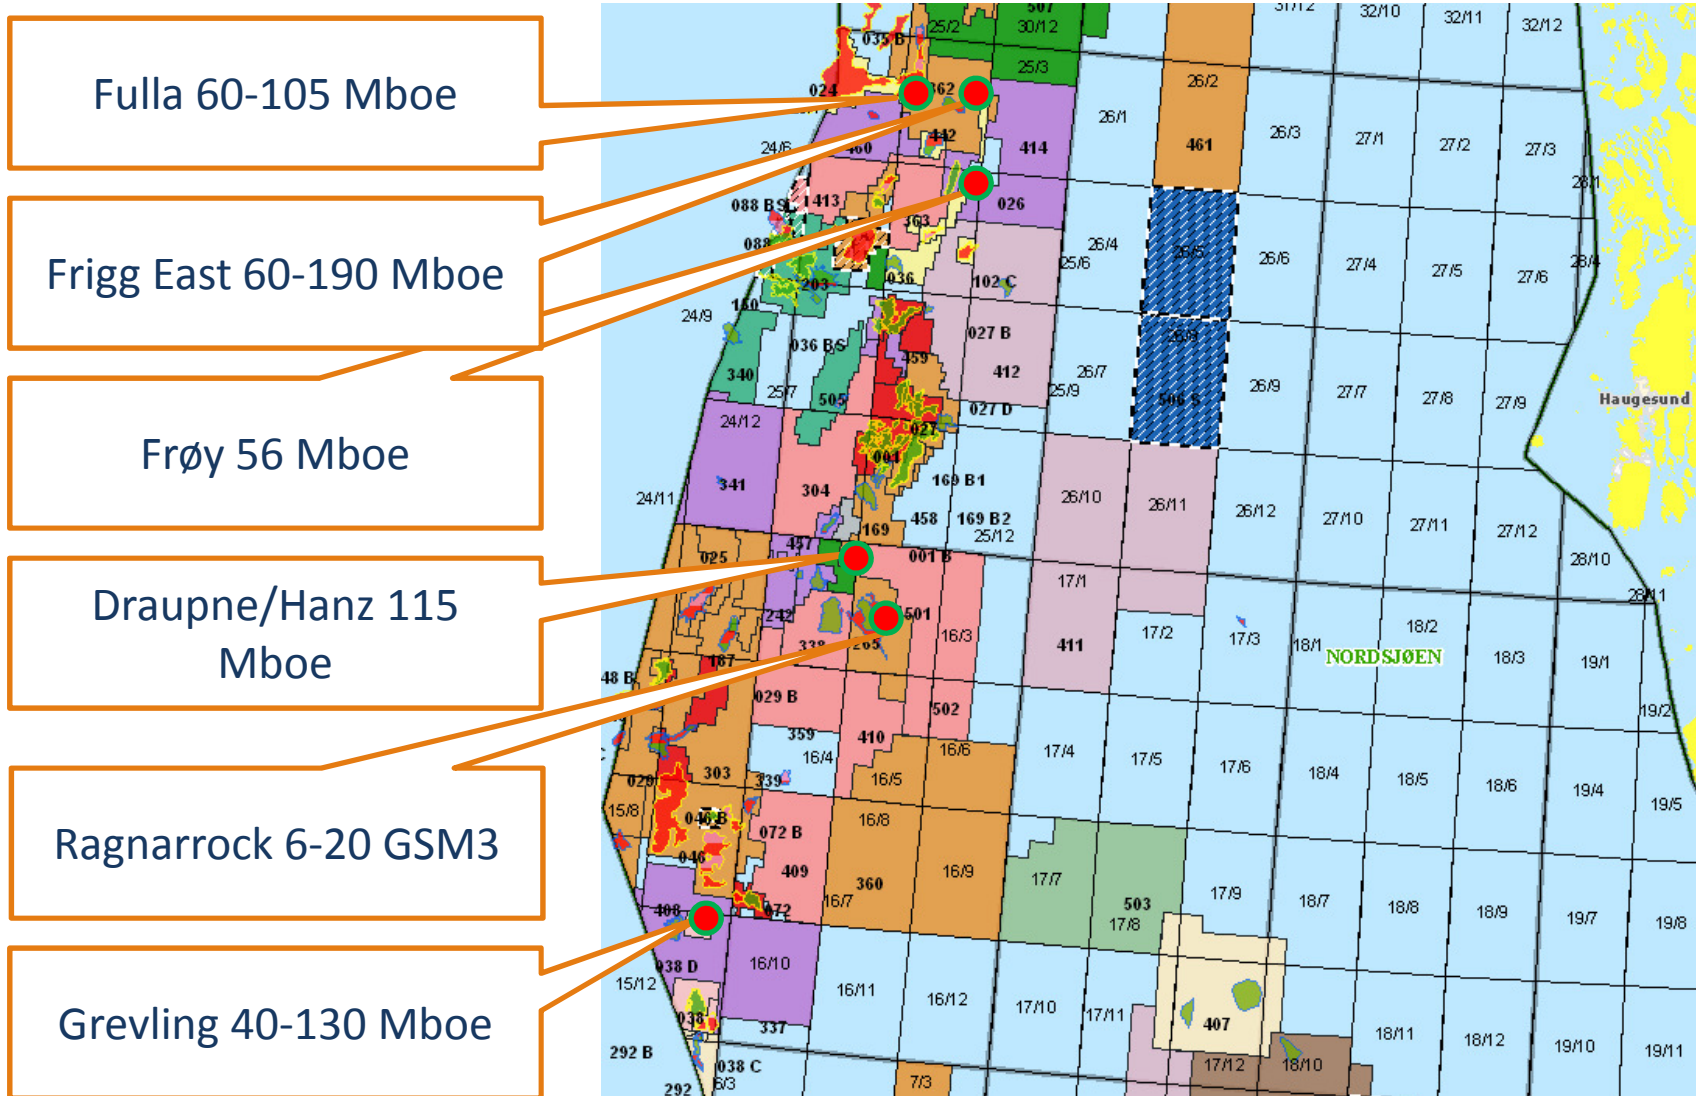

# Who have drilled exploration wells this year?

DET**NORSKE**

# Det norske has had exploration success

# Grevling Discovery

– An example of the remaining opportunities on the NCS

- The discovery was made in a license first awarded in 1976 !!!!
- Det norske acquired 30% in the license through acquisitions and swaps prior to drilling
- 188 meter oil column identified. It could potentially be 227 metres
- Good oil quality, but low gas content
- The discovery increases the chance of making discoveries in nearby structures
- Det norske will commence drilling on nearby Skardkollen in November

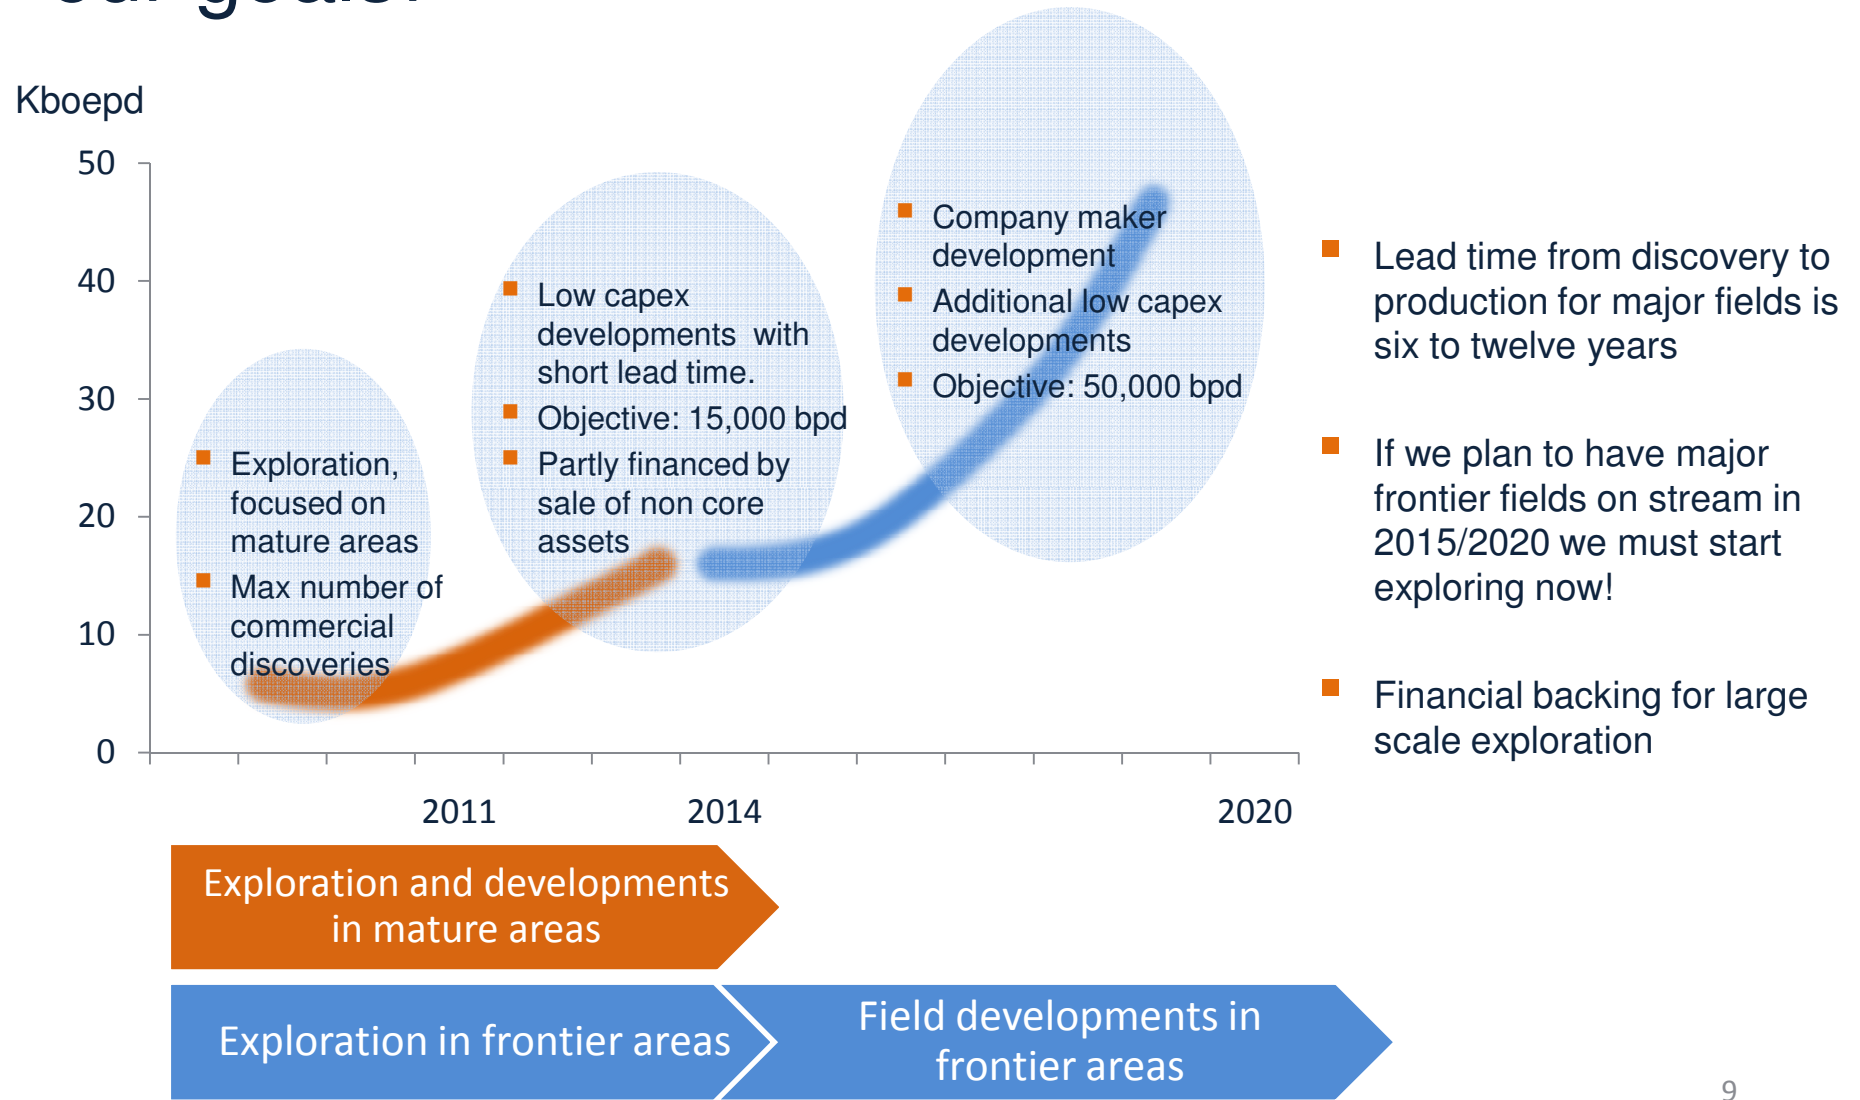

# Development projects

Development candidates	Size in mill boe (Gross)	Det norske's share of daily production	Concept	Earliest production start
Frøy	56	15 000	Fixed installation - hire	2012
Draupne/Hanz	115	10 000	Floater- hire	2013
Frigg øst	60-190	5 000	Fixed installation, Statoil is operator	2014
Grevling	40-130	To early to say	Area development if more discoveries are made	2014
Fulla	60-105	To early to say	Possible tie-back to Heimdal	To early to say
Jetta (presently drilled)	30 - 50	15 000	Tie-in to Jotun	2011

# We are already on the way to achieving our goals!

# Summary

- Merger strengthens the position as the second largest operator on the NCS
- Merger strengthens the position as the second largest explorer on the NCS
- More drilling capacity, which in turn can yield more discoveries
- The merger will improve the possibility of getting discoveries early in production
- The merger will improve the possibility of lifting production to a significant level faster
- The merger shows that Det norske is creating stable growth to the mutual benefit of both shareholders and society
